Professional Summary

Motivated Software Engineering student with practical internship experience developing scalable full-stack web applications. Experienced in building Human Resource Management systems using Next.js, TypeScript, Prisma, MySQL, and REST APIs. Passionate about backend development, database design, cloud technologies, and creating efficient software solutions.

Technical Skills

- **Languages:** JavaScript, TypeScript, SQL, C, HTML, CSS
- **Frontend:** React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MySQL, Prisma ORM
- **Authentication:** JWT, Role-Based Access Control (RBAC)
- **Tools:** Git, GitHub, Postman, VS Code, npm
- **Concepts:** MVC Architecture, Database Design, API Development, CRUD Operations

Experience

Software Engineering Intern
Growssence Pvt. Ltd.

May 2026 – Present
Pokhara, Nepal

- Developed and maintained a Human Resource Management (HRM) System using Next.js, TypeScript, Prisma ORM, and MySQL.
- Designed and implemented employee management, attendance tracking, payroll processing, leave management, and holiday modules.
- Built secure RESTful APIs with authentication and role-based authorization.
- Designed normalized relational database schemas and optimized backend queries using Prisma ORM.
- Collaborated with mentors to implement scalable application architecture and improve overall system performance.
- Used Git and GitHub for version control and collaborative development.

Projects

Human Resource Management (HRM) System

- Tech Stack: Next.js, TypeScript, Prisma ORM, MySQL, Tailwind CSS
- Developed employee management, attendance, payroll, leave management, holidays, authentication, notifications, and dashboard modules.
- Designed secure APIs with JWT authentication and role-based authorization.
- Implemented optimized database relationships and business logic for HR operations.
-

Government Feedback and Notice System

- Tech Stack: Node.js, Express.js, MySQL
- Developed a full-stack web application allowing citizens to submit feedback and receive government notices.
- Implemented CRUD operations, authentication, and relational database design.

AI Assistant Web Application

- Tech Stack: Next.js, OpenAI API
- Developed a chatbot interface integrating AI APIs for intelligent conversational responses.
- Built responsive frontend with real-time API communication.

Education

Pokhara University <i>Bachelor of Engineering in Software Engineering (Pursuing)</i>	2022 – 2026 <i>Pokhara, Nepal</i>
Motherland Secondary School <i>+2 Science</i>	2020 – 2022 <i>Pokhara, Nepal</i>

Certifications

- Cloud & DevOps Technology Workshop (30 Hours)

Interests

- Football, Basketball

Languages

- Nepali (Native)
- English (Professional)
- Hindi (Professional)
